Dear Sirs

Registered letter with Fractional Currency & Coins bought at your last Sale, and amounting to $36.30/100 with Commission &c, was received this day; And I enclose my Check for that amount in payment of same.

The pieces were all satisfactory excepting those in lots nos. #909 & #920, three pieces of which, I did not think were Clean & Perfect as Catalogued. In Lot #909, one 25¢ note is very much crinkled, and another one is in my opinion slightly soiled and trimmed very close. And in Lot #920

the one $5 note is so closely trimmed on the left end that it practically invades the note, making it an undesirable note. In the condition they are I will be able to use them only at a loss.

Respty Yours

Wm A. Wilcox
